

SKULL ROCK

Unearthing the dark nature within.

LOGLINE

Siblings face off over their land fracking deal that has unleashed a dark force of nature at Skull Rock

PITCH POINTS

- Skull Rock is an Eco-thriller that is contained & female driven.
- Based on a real location that is secured for filming.
- The 30-foot cliff is an omen of death hidden in Southern Ohio.
- Thrilling action from sibling conflict, mysterious deaths, multiple suspects, and survival hardships.
- Supernatural effects of Skull Rock - created by weather, seasons, timelapse, and land-heart beating effects.
- Lead female is relatable on her journey to discover the truth and her transformation to reconnect with her family and the land.
- Unique rural characters & music opportunities.
- Attractive to wide audience – thriller & supernatural fans, women & men, mature & young adults.
- Visual hook is perfect for foreign & domestic sales.
